"Trusted for Decades. Designed for Tomorrow."

About Us

The legacy of Sunny Home Care Private Limited began in 1975, when Mrs. Rani Sunderlal Pandey laid the foundation of the family's home care business. A decade later, in 1985, Mr. Krishnakant Sunderlal Pandey expanded this vision and formally established Sunny Home Care Private Limited with a simple mission to provide effective and affordable home cleaning solutions.

What started with a single product in Mumbai has now grown into one of India's leading manufacturers of Concentrated Floor Cleaner. With four decades of expertise, we operate automated production units and maintain a robust distribution network, ensuring our products reach households, offices, and industries across the country.

Our cleaners are specially formulated to deliver powerful cleaning with minimal effort, enriched with organic fragrance of pine. Designed for versatility, they are trusted for use on floors, restrooms, and multiple surfaces.

Our Mission

To redefine cleaning with effective, innovative, and affordable solutions that inspire trust and deliver excellence.

Our Vision

To empower households in the UAE with a trusted homecare solution born in India, with the ambition to become the most preferred household brand in the region.
